*Re: Explanation of the over 10% in profit  
after tax in the QIV/2025 financial statement  
compared to QIV/2024.*

*Ha Noi, January 16, 2026*

To: **The State Securities Commission**

**The Hanoi Stock Exchange**

Profit after tax in Q4/2025 is: VND 5,5 billion, a decrease of 39% (equivalent to VND 3,5 billion) compared to Q4/2024, due to the following reasons:

- Sales volume in Q4/2025 decreased by 18% compared to the same period.
- In the fourth quarter of 2025, the Company fulfilled its EPR fund ( contribution obligations for waste treatment support of single-use batteries) as regulated by the Ministry of Agriculture and Environment, with a total amount of VND 3.4 billion."
- The above are the main reasons for the decrease in profit after tax in Q4/2025 compared to the same period.

Sincerely.
